This document serves as an update to Index to Special Reports Authorized by the General Court 1988-March 1994 issued by the State Library. We also have the Legislative Research Bureau's earlier report from 1900-1988.

The format of the earlier two indexes has been retained here: arrangement is by keyword; citation method indicates the year of the report and its document number. Thus the citation 98 H 2134 refers to House bill number 2134 of the 1998 legislative documents. The State Library's microfilm series number is supplied for those documents not published in the legislative document series. Microfilm citations indicate the year and microfilm number of the Massachusetts State Publications Microfilm Series. All these documents can be found in the online catalog at [www.mass.gov/lib](http://www.mass.gov/lib). Questions concerning this publication should be directed to the Library's Reference Department at Tel. 617-727-2590.
